- 2.6. As was reported then there are still a number of issues which are to be resolved and steps which need to be taken to take this exceptionally long process to its final conclusion and which are inter alia the following:
- 2.6.1. Electrical rehabilitation to parts of Phase 3;

- 2.6.2. Repayment of Post Commencement Finance (“PCF”) obtained in order to settle historical debt which was in existence at the commencement of business rescue proceedings;

4. It is the BRP’s view is that the implantation percentage of the Plan at present remains at about 50%.
5. Reference was made in previous reports about ongoing correspondence between the company’s attorneys and the attorney representing the abovementioned debtor (who also purports to have a claim against the company).
6. During the course of October 2024 summons was issued against the company in relation to this “claim” against the company.
7. A Notice of intention to defend was filed and the company filed its plea to the particulars of claim. Nothing further has to date transpired in relation to this litigation.
8. Discussions commenced with new parties who have expressed an interest in proposing a further transaction with a view to restructuring the company’s affairs further commenced in late 2024 and are ongoing. Property valuations were initiated in March 2025 which are being finalised. Nothing further has transpired as yet.
9. During January 2025, the BRP received correspondence from the attorneys representing the Nelson Mandela Bay Municipality (“NMBM”) in relation to what is alleged to be post commencement charges. The BRP commenced with engagement with NMBM’s attorneys and this process is ongoing after a meeting with NMBM’s attorney in February and after they provided a further reconciliation and information.
10. It continues to be the intention of the BRP and the board of directors to continue to engage with NMBM until a solution is found.
